

# Exploring Mountains and Mapping our World

Geography - Autumn 1

## Key Vocabulary

Place	A location that is special or important for some reason, like your school or home.
Space	The area between places - like the space between two towns or between your desk and the door.
Scale	A way to show how far things are on a map. It helps us measure real distances.
Map	A picture that shows what places look like from above, like towns, rivers, and mountains.
Atlas	A book full of maps that show countries, cities, and land features around the world.
Region	A large area of land that has something in common, like the North West of England.
County	A smaller part of a country, like Somerset, that has its own towns and villages.
Compass	A tool that shows direction (North, South, East, West).
Direction	The way something is facing or moving, like north or south.
Directional Language	Words we use to describe where something is, like 'north of' or 'next to.' Distance How far it is from one place to another.
Location	The exact place where something is.

## Key Questions

1	How do we describe where places are and how far apart they are from each other?
2	Why are some parts of the UK higher than others, and what makes them special?
3	How can we use maps to understand the shape and features of the land?
4	What powerful forces shape the mountains we see around the world?
5	How does the land in a highland area affect the way people live and work there?

Castle Primary School

English

Tales from the Bag.

The Lost Happy Endings.

Reading

How to take the Grr out of Anger  
Perfectly Norman  
A Monster Calls  
UK Parliament

Español

Exploring a Spanish Town

Science

We will be learning about Humans including Animals - with a focus on the circulatory system

RE

What matters most?

Discovery

In Geography we will be learning about...

Mountains and Maps

End product:  
A contoured mountain and a field trip while at Pinkery.

PSHE

Me and my relationships (SCARF)

DT

Design and Make a Waistcoat

Maths

Place value, addition and subtraction

PE

Ball Skills

Computing

Espresso and Coding  
E-safety - cyberbullying
