## 1. Aims

At Castle Primary School we are committed to promoting a safe and healthy lifestyle for our pupils, teaching the skills and knowledge needed to lead happy, healthy lives that are built on the foundations of strong and successful relationships.

Relationships and Sex Education is not regarded as a subject in its own right, but it is part of a carefully planned element in our PSHE curriculum. We believe that effective Relationships and Sex Education needs to be taught in an atmosphere of trust, responsibility and respect where sensitive issues can be discussed without embarrassment or threat. Our school values of Integrity, courage, perseverance, responsibility, respect and tolerance help us to ensure we create such an environment.

The aims of Personal, social, health and economic education (PSHE) which includes Relationships and Sex Education (RSE) at our school are to:

- Provide a framework in which sensitive discussions can take place
- Educate and promote positive relationships
- Help our pupils to become healthy and fulfilled individuals
- Ensure our pupils can communicate effectively and work with others
- Prepare our pupils for puberty, and give them an understanding of sexual development and the importance of health and hygiene
- Help pupils develop feelings of self-respect, confidence and empathy
- Create a positive culture around issues of sexuality and relationships
- Teach pupils the correct vocabulary to describe themselves and their bodies

## 2. Statutory requirements

As a primary academy school we must provide relationships education to all pupils as per section 34 of the Children and Social work act 2017.

We do not have to follow the National Curriculum but we are expected to offer all pupils a curriculum that is similar to the National Curriculum including requirements to teach science which would include the elements of sex education contained in the science curriculum.

In teaching RSE, we are required by our funding agreements to have regard to guidance issued by the secretary of state as outlined in section 403 of the Education Act 1996.

At Castle Primary School we teach RSE as set out in this policy.

## 3. Policy development

This policy has been developed in consultation with staff, pupils and parents. The consultation and policy development process involved the following steps:

Review – a member of staff or working group pulled together all relevant information including relevant national and local guidance

Staff consultation – all school staff were given the opportunity to look at the policy and make recommendations

Parent/Carer consultation – parents and carers will be invited to attend a meeting about RSE this spring and have already received skills and content overviews with an invitation to contact the school for any further information required.

Pupil consultation – we investigated what exactly pupils want/need from their RSE through an activity with a range of children across Years 2-6.

Ratification – once amendments were made, the policy was shared with the Board of Trustees and ratified

#### **4. Definition**

At Castle Primary School, RSE is learning about the characteristics of positive relationships, with particular reference to friendships, family relationships, and relationships with other peers and adults. As well as this, it is about the emotional, social and physical aspects of growing up, about how a baby is conceived and about safeguarding.

#### **5. Curriculum and Delivery**

We provide RSE within our PSHE education which is taught by class teachers through a spiral programme from Reception to Year 6 based on the SCARF PSHE scheme of work. Biological aspects of RSE are taught within the science curriculum, and other aspects are included in religious education (RE).

Developed by teachers and centred on a values-based and 'Growth Mindset' approach, SCARF promotes positive behaviour, mental health, wellbeing, resilience and achievement. It gradually expands and enriches key concepts, increases knowledge, deepens understanding, and rehearses and develops key skills through the themes of 'Me and My Relationships', 'Valuing Difference', 'Keeping Myself Safe', 'Rights and Responsibilities', 'Being my Best' and 'Growing and Changing'. We have developed the curriculum in consultation with parents, pupils and staff to take into account the age, needs and feelings of our pupils.

Relationships education focuses on teaching the fundamental building blocks and characteristics of positive relationships including:

- Families and people who care for me
- Caring friendships
- Respectful relationships
- Online relationships
- Being safe

For more information about our curriculum, see our curriculum overview in Appendix 1 and our PSHE Skills progression in Appendix 2.

If pupils ask questions outside the scope of this policy, teachers will respond in an appropriate manner so they are fully informed and don't seek answers online.

These areas of learning are taught within the context of family life taking care to ensure that there is no stigmatisation of children based on their home circumstances (families can include single parent families, LGBT parents, families headed by grandparents, adoptive parents, foster parents/carers amongst other structures) along with reflecting sensitively that some children may have a different structure of support around them (for example: looked after children or young carers).

Establishing a safe, open and positive learning environment based on trusting relationships between all members of the class, adults and children alike, is vital to successful and effective teaching and learning within this subject. Each class will establish ground rules based on the following:

- We take turns to speak
- We use kind and positive words
- We listen to each other
- We have the right to pass

## **6. Roles and responsibilities**

### 6.1 The governing board

The Board of Trustees will approve the RSE policy, and hold the Head of School to account for its implementation.

### 6.2 The Head of School

The Head of School is responsible for ensuring that PSHE and RSE is taught consistently across the school, and for managing requests to withdraw pupils from non-statutory/non-science components of RSE (see section 8).

### 6.3 Staff

Class teachers are responsible for:

- Delivering RSE in a sensitive way
- Modelling positive attitudes to RSE
- Monitoring progress
- Responding to the needs of individual pupils
- Responding appropriately to pupils whose parents wish them to be withdrawn from the non-statutory/non-science components of RSE
- Staff do not have the right to opt out of teaching RSE. However, any staff who have concerns about teaching RSE are encouraged to discuss this with the Head of School.

### 6.4 Pupils

Pupils are expected to engage fully in RSE and, when discussing issues related to RSE, treat others with respect and sensitivity.

## **7. Parents' right to withdraw**

Parents do not have the right to withdraw their children from relationships education.

Parents have the right to withdraw their children from the non-statutory/non-science components of sex education within RSE. We interpret sex education to mean puberty, conception, reproduction and birth. All of these themes, with the exception of conception, are statutory and are included in either Health Education or National Curriculum: Science.

The statutory guidance states that sex education should ensure children know how a baby is conceived. We interpret 'how a baby is conceived' as referring to what happens during sexual intercourse before an egg and sperm meet (reproduction). We therefore include sexual intercourse as well as IVF in our Year 6 *Making Babies* lesson.

Requests for withdrawal should be put in writing using the form found in Appendix 4 of this policy and addressed to the headteacher.

Alternative work will be given to pupils who are withdrawn from sex education.

## **8. Training**

Staff are trained on the delivery of RSE as part of their induction and it is included in our continuing professional development calendar.

The headteacher will also invite visitors from outside the school, such as school nurses or sexual health professionals, to provide support and training to staff teaching RSE.

## **9. Monitoring arrangements**

The delivery of RSE is monitored by Laura Liddell, Assistant Head of School and SEMH Lead, through learning walks and pupil panels.

Pupils' development in RSE is monitored by class teachers as part of our internal assessment systems.

This policy will be reviewed by Steve Morton Head/ Laura Liddell Assistant Head of School annually. At every review, the policy will be approved by the Teaching and Learning Committee.

### Appendix 3: By The End of Primary School, Pupils Should Know...

TOPIC	PUPILS SHOULD KNOW
Families and people who care about me	<p>That families are important for children growing up because they can give love, security and stability</p> <p>The characteristics of healthy family life, commitment to each other, including in times of difficulty, protection and care for children and other family members, the importance of spending time together and sharing each other's lives</p> <p>That others' families, either in school or in the wider world, sometimes look different from their family, but that they should respect those differences and know that other children's families are also characterised by love and care</p> <p>That stable, caring relationships, which may be of different types, are at the heart of happy families, and are important for children's security as they grow up</p> <p>That marriage represents a formal and legally recognised commitment of two people to each other which is intended to be lifelong</p> <p>How to recognise if family relationships are making them feel unhappy or unsafe, and how to seek help or advice from others if needed</p>
Caring friendships	<p>How important friendships are in making us feel happy and secure, and how people choose and make friends</p> <p>The characteristics of friendships, including mutual respect, truthfulness, trustworthiness, loyalty, kindness, generosity, trust, sharing interests and experiences and support with problems and difficulties</p> <p>That healthy friendships are positive and welcoming towards others, and do not make others feel lonely or excluded</p> <p>That most friendships have ups and downs, and that these can often be worked through so that the friendship is repaired or even strengthened, and that resorting to violence is never right</p> <p>How to recognise who to trust and who not to trust, how to judge when a friendship is making them feel unhappy or uncomfortable, managing conflict, how to manage these situations and how to seek help or advice from others, if needed</p>
Respectful relationships	<p>The importance of respecting others, even when they are very different from them (for example, physically, in character, personality or backgrounds), or make different choices or have different preferences or beliefs</p> <p>Practical steps they can take in a range of different contexts to improve or support respectful relationships</p> <p>The conventions of courtesy and manners</p>

	<p>The importance of self-respect and how this links to their own happiness</p> <p>That in school and in wider society they can expect to be treated with respect by others, and that in turn they should show due respect to others, including those in positions of authority</p> <p>About different types of bullying (including cyberbullying), the impact of bullying, responsibilities of bystanders (primarily reporting bullying to an adult) and how to get help</p> <p>What a stereotype is, and how stereotypes can be unfair, negative or destructive</p> <p>The importance of permission-seeking and giving in relationships with friends, peers and adults</p>
Online relationships	<p>That people sometimes behave differently online, including by pretending to be someone they are not</p> <p>That the same principles apply to online relationships as to face-to face relationships, including the importance of respect for others online including when we are anonymous</p> <p>The rules and principles for keeping safe online, how to recognise risks, harmful content and contact, and how to report them</p> <p>How to critically consider their online friendships and sources of information including awareness of the risks associated with people they have never met</p> <p>How information and data is shared and used online</p>
Being safe	<p>What sorts of boundaries are appropriate in friendships with peers and others (including in a digital context)</p> <p>About the concept of privacy and the implications of it for both children and adults; including that it is not always right to keep secrets if they relate to being safe</p> <p>That each person's body belongs to them, and the differences between appropriate and inappropriate or unsafe physical, and other, contact</p> <p>How to respond safely and appropriately to adults they may encounter (in all contexts, including online) whom they do not know</p> <p>How to recognise and report feelings of being unsafe or feeling bad about any adult</p> <p>How to ask for advice or help for themselves or others, and to keep trying until they are heard</p> <p>How to report concerns or abuse, and the vocabulary and confidence needed to do so</p>

Where to get advice e.g. family, school and/or other sources
